*the future of living*

Make it one of your dream.

From starter home to dream home, from beach cottage to mountain retreat, Instabuilt gives you the choice to make it one of your dream. Everyone wishes for a welcoming home which is ideal for all-season living with energy-efficient, made from durable materials.

## Green Eco Building

Our future of housing comes in all shapes and sizes, some of them featuring cutting-edge design.

They have become increasingly fashionable as an environmentally friendly solution especially by the materials they are built, where for our homes you can find here the different building elements that we use.

discover

Sustainable building materials and appliances result in little or no ecological footprint on the environment

The elements used to build these homes are harmonious elegant and with the best quality. Large windows make you enjoy the natural light inside the house where the reinforced wooden structure is a guarantee for peace of mind and placement even in challenging locations, regardless of weather conditions.

## Green peace

Green peace in the field of green buildings. Student Housing gives you the opportunity to connect with nature and live with eco-sustainable building materials with non-toxic finishes. Green can bring fresh air and a healthier environment.

**"Our design expertise is to create the perfect space for your guests."**

Feel at home whenever life takes you!.

Sustainable housing is one that makes efficient use of resources and energy with minimal impacts on the environment.

**"Ecological and energy-efficient, offering significantly higher stability, just the way the future of living should be."**

No matter how your life or if your destination changes, you will always have a house to stay in that will follow you wherever you go!

Using our innovative technology we build small size and fully functional houses for single youths to large families with estimated delivery of 90 days. After all the phases the buyer will simply start to live in within few hours after delivery.
